SUBJ: Summary Transfer to Arapahoe County (case# 97 M 472)

Steve Douglas Gartin, an indigent man with no legal counsel, called me with his only phone call after being summarily transferred from Jefferson County Detention Center to somewhere in Arapahoe County. There are again, as in Jefferson County, no stated charges, no warrant, no bond available, no legal counsel...same old story; a continuing gross violation of his Civil Rights. The motive for their actions under color of their authority is the fear of fiscal liability and professional embarrassment.

These are the same people about whom he has filed criminal charges to the Federal Bureau of Investigation; Greenwood Village Police Dept. and the U.S. West people. They have already be caught in some real direct mistakes- check with Technician Ewan Scouse of GVPD and the court record.

Please can you make some effort to contact him and/or be witness to his court proceedings? These are the same people who have previously harassed and molested him under color of their authority, failed to provide equal protection or have given false information to law enforcement authorities.

His case number is 97 M 472, Division A-1, Arapahoe County Court.

Thanks for any help on your part.

Sincerely
Charles H. Clements
